Birds Class

### About Me

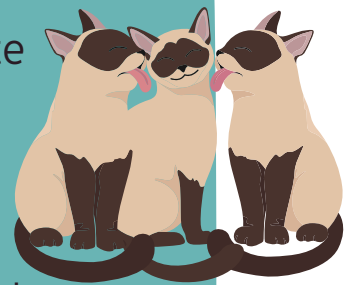

Hi, I teach the Birds Transitional Kindergarten Readiness Class (5 year olds). I attended UNC-G and was certified to teach Special Ed and Birth-Kindergarten. Our Birds Class focuses on learning through play using developmentally appropriate practices, and helping students gain the skills they need to be successful, while fostering a love of learning, experimenting, and exploring. I have been teaching at LUMC Preschool since 2017 and my three children all attended LUMCP when they were small – 20+ years ago!

### Fun Facts
